It is that way only to lessen the possibility that relevant information may be omitted. The Commission is aware that much of the information requested may be either non-applicable, unavailable or irrelevant. The Commission is willing to be flexible in this regard and does not wish to deter the public from submitting an application. Therefore, **the applicant should feel free to leave blanks in the form where appropriate.***

3. Consideration of Application. Once the application form has been completed and the accompanying materials submitted, the application will be scheduled for consideration by the Commission as soon as practicable. Unless otherwise noted, the Commission ordinarily meets the 2nd Wednesday of the month at 6:00 p.m. in the Village Hall at 571 Main Street. The applicant (or the applicant's agent, if applicable) will be notified of the hearing date and time of the meeting. The applicant (or agent, if applicable) should plan on attending in person to address any questions or concerns that the Commission may have. The Commission may request additional information relating to the proposed project and may adjourn the application pending receipt of such additional information, or for other reasons, in the Commission's discretion.

4. Criteria. Section 156-5 of the Village Code, entitled "Criteria for Approval of a Certificate of Appropriateness", states that the Commission's decisions shall be based upon the following principles:
 - i) Properties which contribute to the character of the historic district shall be retained, with their historic features altered as little as possible.
 - ii) Any alteration of existing properties shall be compatible with its historic character, as well as with the surrounding district; and
 - iii) New construction shall be compatible with the district in which it is located.

It also states that, in applying principles of compatibility, the Commission shall consider the following factors:

- i) The general design, character and appropriateness to the property of the proposed alteration or new construction;
- ii) The scale of the proposed alteration or new construction in relation to the property itself, surrounding properties and the neighborhood;
- iii) Texture, materials, and color and their relation to similar features of other properties in the neighborhood;

- iv) Visual compatibility with surrounding properties, including proportion of the property's front façade, proportion and arrangement of windows and other openings within the façade, roof shape, and the rhythm of spacing of properties on streets, including setback; and
- v) The importance of historic, architectural or other features to the significance of the property.

5. Decision. As soon as practicable, the Commission will issue a written decision on the application. A copy of the decision will be mailed to the applicant (or the applicant's agent, if applicable), and to any other persons who appeared on the record in connection with the application (provided they furnished a mailing address for that purpose).

FINAL NOTE: *A Certificate of Appropriateness is not a Building Permit. If a Certificate of Appropriateness is required for a project, it is in addition to and not in lieu of any other permit or approval that may be required.*
