

# **Paving next week on Oakwood!**

***PLEASE, DO NOT park on Oakwood Avenue!***

**Park instead in driveways and/or on adjacent side streets.**

**Your cooperation is greatly appreciated and will assist in the final stages of completing this project.**

Next week, the contractor will continue preparations for final paving and complete paving over a two-day period. Residents and businesses will be notified directly of anticipated impacts on their block and are reminded that Oakwood Avenue remains an active construction zone.

Travel along the road should be avoided except when necessary until the Hamburg Street intersection is opened and all blocks are opened to traffic following final paving and striping operations. These openings are expected by Labor Day weekend, weather permitting.

My last day on the project will be Monday, August 31 and I wanted to take this opportunity to thank everyone for your patience and understanding during construction. It's been a pleasure serving my community over these past seven months and interacting with my fellow Village residents.

The Village will continue to monitor and respond to inquiries made via the Oakwood phone at 475-2122 and/or this email address. You may also contact Village Administrator Cathie Thomas at 652-6000 with any questions or concerns.

Take care.
