

Oakwood Project Update – August 3, 2020

The Contractor will continue with concrete sidewalk and driveway apron operations this week along the south side of Oakwood from South Grove Street to South Willow Street. Other isolated construction activities are expected through the week on various blocks and residents will be notified directly of impacts on their block. Residents should travel on Oakwood Avenue only when necessary and are reminded that it is an active construction zone. All blocks west of Center Street remain closed to Local Traffic Only with intended access for residents of the blocks and emergency vehicles only.

Please do not park on Oakwood Avenue on blocks between Park Place and Hamburg Street weekdays, 7 a.m. to 5 p.m. This is expected to extend between Olean Street and Hamburg Street beginning Monday August 10.

Note that materials and equipment are stored along the project route in the right-of-way. To ensure everyone's safety, all persons, including adults and children, must avoid material stockpiles and equipment. Please contact me at the number listed below if you have any questions and thank you for your patience and understanding.
