

Oakwood Project Update – August 21, 2020

Next week the Contractor will continue preparations for final paving to include miscellaneous restoration along the roadway and in lawn areas. The final paving is currently scheduled for the week of August 31. Residents and businesses will be notified directly of anticipated impacts on their block. Residents are reminded that Oakwood Avenue remains an active construction zone and travel on the road should be avoided except when necessary. All blocks west of Center Street remain closed to Local Traffic Only with intended access for residents of the blocks and emergency vehicles only.

For the duration of the project, please do not park on any blocks of Oakwood Avenue on weekdays from 7 a.m. to 5 p.m.

Note that materials and equipment are stored along the project route in the right-of-way. To ensure everyone's safety, all persons, including adults and children, must avoid material stockpiles and equipment. Please contact me at the number listed below if you have any questions and thank you for your patience and understanding.
